

# Are you interested in partnering with us?

The Fertility Control Clinic is committed to building effective partnerships with consumers by:

- Sharing information with them;
- Encouraging and supporting their participation and collaboration in health care processes.

By partnering with consumers, the Fertility Control Clinic can be responsive to consumer input and requirements thus leading to improved safety and quality of the health care delivered.

The Fertility Control Clinic is looking for consumers, carers and community members who are willing to provide feedback to the clinic and share ideas.

---

## How can you help us?

- Participate in forums that will help to identify areas for improvement
- Review patient brochures and information sheets and provide feedback
- Complete Customer Satisfaction Surveys or Patient Experience Surveys

If you are interested in helping us, please ask to speak to the Quality Manager.
